Mixed Media Expressions

Genie Kell

Choose any materials or tools you desire to experiment with or to practice using in different ways than you are familiar with. This is a class that focuses on your powers of expressions, so anything & everything goes! Your challenge will be to see all objects & materials as potential art making supplies to incorporate into your art and serve your self-expression.

Please contact me directly if you want to discuss these possibilities: 239-592-5028
