3. Accepted artists must be present and in their booths during all art show hours. No agents, representatives, family members or friends are permitted as a substitute for the accepted artists' attendance.

You may rent weights from the NAA, if available, at a cost of \$20 per set.
8. **Each tent must have a fire extinguisher.** A Quality Control Committee member will inspect each tent for a fire extinguisher as required for our permit. Failure to have required equipment may result in exclusion from the show, you may be asked to pack up and leave that day. You may purchase an extinguisher, if available, for \$20.

15. Naples Art (NA) Booth Sign must be displayed.

## **Health and Safety**

The health and safety of the artists, Naples Art employees, volunteers and visitors is critical in our decision-making. We are working with health and government agencies, and using best practices gleaned from other outdoor events, and retail outlets to develop a modified site plan promoting hygiene and social distancing. Our footprint will allow greater spacing between artists, provisions for hand washing stations, and access to sanitizing gels.

Some of the safety considerations are:

- Increased spacing between artists to support distancing.
- The evening concert will not be held and the show layout scenarios allow for more utilization of Cambier Park. Total spaces remain at 190.
- There could be controlled access for attendees to create a safe environment for everyone – this could be determined by CDC, state and local government guidelines.
- "Health screening" non-invasive procedures may be implemented for artist, and volunteers at check-in. Attendee "health screening" for those entering the show is being considered (could be based on controlled access).
- Mask wearing for artists, assistants, employees, volunteers, and contractor's mandatory.
- Maximum capacity restrictions within a 10 x 10 space may be implemented.
- Masks available for attendees.
- Placing hand sanitizer stations at strategic locations.

As February approaches, our planning will become more specific, and we will publish personal health and safety requirements for your review and compliance.

## **Insurance**

Participating Artists must maintain general liability insurance including bodily injury

and property damage liability in an amount not less than \$1 million for the duration of the Art Show. Participating Artists must provide proof of such insurance, listing Naples Art Association as an additional insured by January 15, 2021.

**Insurance Resources:**

A reference guide to artist insurance can be found at the following url: <https://cerfplus.org/business-insurance-plans/>

The link to the above website is provided for convenience and reference only and NA takes no responsibility for the content of the website.

## **Reproduction & Limited Edition Prints Policy**

The mission of Naples Art is to promote and advance education, interest and participation in the visual arts. To foster an appreciation and value of the arts in people of all financial and economic levels Naples Art believes it is important to offer attendees the opportunity to buy reproductions of the participating artists' original work. By providing this opportunity it may encourage the purchase of original artwork in the future. This transition is possible only if buyers understand exactly what they are purchasing and the process behind it. Therefore, our guidelines for the exhibition of reproductions are:

1. Reproductions are an important part of your success as an artist. Creating unique and original works is an important part of your artistic growth and development. As an educational organization hosting shows, Naples Art is interested in both your success in business and development as an artist. For this reason, original work must occupy at least 75% of the artist's wall space.
2. Fine art reproductions must be clearly and individually labeled and signed on the front of each piece.
3. Reproductions must be on archival material and all work displayed in the booth must be for sale.
4. The method of reproduction and brief process description must be on the back.
5. No hand colored or enhanced reproductions will be considered "original" works; they will be considered reproductions
6. Browse bins may occupy only minimal space and must be aesthetically pleasing and not obstruct patron flow. All bins must be WITHIN your 10'x10' booth space not outside your booth.
7. Reproductions may not be mixed with originals in browse bins.
8. No laser prints or photo copies permitted.

Limited Edition Prints are works for which the artist hand manipulates the plates, stones or screens and which have been properly signed and numbered as a limited edition. These hand pulled prints are considered to be originals. Printmakers are encouraged to identify their process.

## **Jury and Exhibit Space Fees**

- \$35 Application Fee (non-refundable)

It is the exclusive right and responsibility of the NAA through recommendations by its Advisory Committee to remove work that is not in compliance with the show policies and requirements. Non-compliance may result in expulsion from the show or refusal of future show participation. Naples National Art Show is a family-oriented event, and exhibits must be in keeping with this atmosphere. We take pride in our quality and established reputation.

## Jury and Selection Process

Our jurors' panel consists of independent jurors selected for their in-depth knowledge and experience in multiple mediums. A diversity of backgrounds and skills are sought, including working artists, educators, fine art and craft gallery owners, and museum directors/curators. It is the policy of NA to select a new panel of jurors for each show to allow for a fresh perspective.

- The jury is a blind jury, meaning all applications are viewed anonymously and the jurors do not know the names of or any other information about the artists.
- Booth images should show your booth as it is set up for exhibition at an outdoor show with your work displayed. Your booth image should not show your name or have people standing in the booth.
- Our jury process is blind which means there should be nothing in your images or artist statement that identifies you.
- It is the responsibility of the artist to ensure they have read the prospectus and properly submitted the required information. Failure to do so will result in the application not going through the jury process and the artist losing their application fee.
- The application fee is non-refundable.

The number of spaces are allotted for each category are based on the total number of booths available for the show and the number of applications in each category. The artists accepted into each category are based on their total combined score of the jurors. The top scoring artists within each category are invited to participate in the show. The decision of the jury is based solely on the images submitted and all decisions are final.

Ninety percent of the exhibitor spaces will be selected through the jury process.

The remaining 10% of the spaces may be filled by invited artists at the discretion of Naples Art.

The work submitted by each artist is juried based on the criteria listed below:

- Artistic Merit: design, vision, creativity
- Craftsmanship/Technical Competence: technique, skill, degree of difficulty, mastery of materials used
- Marketability/Booth Presentation: presentation in a professional manner

Images from accepted artists will be retained for promotion and adherence to the rules.

A waitlist, by category, will be established based on jury scores.
