## Color Focused Oil Painting

Angela Anderson

5 to 8 canvases - 2 8" x 10", 1 11" x 14", 1 12" x 15", 1 16" x 20".

Gamsol solvent

Solvent container

Brushes, filberts and rounds, synthetic sable and bristle from fine to medium sizes (each manufacturers sizes differ) up to 1/2" and 1"

Palette knives, triangular shaped metal knives for painting and mixing on palette

Palette disposable or wood

Masterson palette box for carrying palette

Rags/Paper Towels

Apron

Oil paints any brand unless listed (please use what you already have regardless of brand). This is my dream list for you to have, starred colors can be eliminated.

37 ml tubes suggested

Palette Layout - Please start in lower left corner and lay paints out in this order ending with white in your upper right, and no paint in the middle of the palette or lower or righter edge if you're right handed, opposite for lefties

585 Park Street, Naples, FL 34102 | 239.262.6517 | [NaplesArt.org](http://NaplesArt.org)

# NAPLES ART ASSOCIATION

Purple (Dioxanine, Manganese, Cobalt)

\*Paynes Grey

Black (Mars recommended, lamp/ivory ok)

Naples Yellow Light Hue (Winsor & Newton Artists Line not Winton)

Titanium or Cremnitz White large 200 ml tube

If you're on a budget and need to buy a set for this class you can get by with Maries set of colors in small tubes, and buying a white tube in a larger size. Rowney sets of small tubes are to be avoided since colors aren't true and won't mix well.
