

Beginning Drawing

Richard Kirk

The first class requires only that you arrive with a #2 pencil.

But, if you would like to get a look at the supplies needed for the 2nd class and beyond, watch the materials video at: <https://youtu.be/LHL63CmUJFg>

You will need to search the class listings to find the Beginning Drawing video, but it's an easy way to see exactly what will be used during the course.
